

OHVALE GP-2 OHRACING EXHAUST SYSTEM by ARROW KIT AND INSTALLATION

INSTALLATION OF THE OHRACING EXHAUST SYSTEM KIT

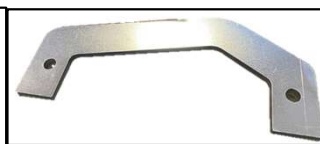

If the motorcycle is equipped with the anti-vibration bracket (01.TE.0112.L) the spacer 8x18x6.5 is not needed. The anti-vibration bracket (01.TE.0112.L) can be removed without undermining the motorcycle's performance.

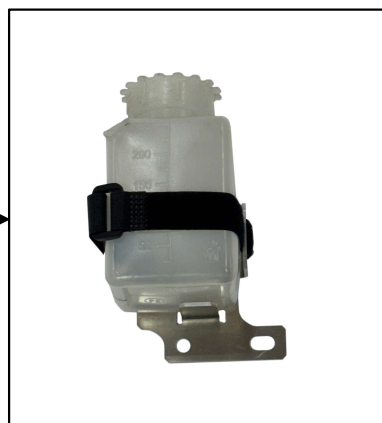

Without anti-vibration bracket

With anti-vibration bracket

Anti-vibration bracket 01.TE.0112.L

For the installation of the new recovery tank bracket use the clips and screws belonging to the old recovery tank bracket.
